#### Message from the Commission President.

Dear Colleagues,

Since the appearance of the last issue of the Newsletter I have had the pleasure of visiting the PHILAKOREA and FEPAPOST exhibitions. Both events were very successful and had an interesting selection of postal stationery exhibits on view including an encouraging number of new ones.

At PHILAKOREA a further milestone in the general recognition of postal stationery was the inclusion of an exhibit of postal stationery among the four entries in the Championship Class which were nominated for the Grand Prix Championship.

Clearly the highlight of 1995 for those interested in postal stationery will be the FINLANDIA 95 exhibition to be held in Helsinki from 10 - 15 May 1995. As expected this has attracted a strong field of entries and will also provide an ideal forum for the Commission to promote interest in postal stationery and a programme of activities is being planned for Saturday 13 May 1995.

Obviously I and the Commission Bureau hope to see as many Commission Delegates as possible in Finland where an opportunity will be provided for those Delegates or others who have the relevant experience and are formally nominated by their Federations to attend a Judging Seminar (Application form enclosed with this Newsletter for completion by Federation and person nominated).

In the meantime I would like to wish everyone a happy, healthy and peaceful 1995.

Alan Huggins

Commission President

Nomination form for the nomination of Delegates and Proxies is enclosed.

## Report to the Seoul Congress.

The President of the Postal Stationery Commission, Dr. Alan Huggins gave this following report:

I would like to make the following additions to the information published in the congress agenda papers. Nepal has now nominated a delegate to the Commission and Chinese Taipei and the Philippines are in the process of doing so.

At the Commission meeting held on the 23rd August, Dr. César Jones from Uruguay, was elected in place of Mr. John Fluck from the USA who had retired. The major topics for discussion at the Commission meeting were firstly a draft of a easily applied set of teaching materials. These were produced by Dr. Hans Meissner of Germany and everyone agreed that they could be easily adapted for local use by individual country.

Secondly we spent a considerable amount of time planning the contribution of the Commission to the programme of FINLANDIA'95. As you allready heard from Mr. Jensen this is an exhibition which is going to show both Postal History and Postal Stationery.

At the Commission meeting we all agreed that with the full support of the President of FINLANDIA'95, Mr. Kari Rihiala, who has kindly agreed to make the necessary facilities available to the Commission that we would have the following programme:

1. A Commission meeting to review progress on current work
2. A display and presentation to promote the collecting of Postal Stationery.
3. A presentation to those who wish to go into exhibiting Postal Stationery.
4. A seminar on the evaluation of Postal Stationery exhibits and
5. the point mentioned by Mr. Paul Jensen a joint session with his Commission on the training of team-leaders of judging groups.

FINLANDIA'95 will be a very important event as far as those interested in Postal Stationery concerned and I would like to record the Commission's appreciation to the Organizers of that exhibition for their very positive and enthusiastic support.

Finally I would like to thank all those who have contributed to the work of the Commission and I look forward to next year to a very active one. Thank you very much.

**Review: Postal Stationery of Ireland (including issues stamped to order) Catalogue and handbook 1994. By: Otto Jung, Forschungs und Arbeitsgemeinschaft Irland e.v. im Bund Deutscher Philatelisten e.v.: Wernding, Germany 290 pp. 1994. (AKH)**

The appearance of the latest edition of "Postal Stationery of Ireland" represents a landmark in the progressive development of this well established catalogue and handbook. Incorporating the stamped to order issues for the first time the total number of pages is now over four times greater than the 1984 edition which has been preceded in 1983 with a listing comprising only nineteen pages.

The present work provides the most comprehensive listing of Irish postal stationery ever produced and demonstrates the wealth of interest to found within this area. The author, Otto Jung deserves the appreciation and gratitude of all his collector peers in providing such a well-structured and detailed presentation of the subject although it is somewhat ironic that this splendid publication should be produced by this FAI rather than from within Ireland itself.

Irish postal stationery in common with other aspects of Irish philately has a very strong following and this is reflected in the pricing structure which includes a number of items priced over DM 4000. A definite must for the student of these issues as well as for those with more general interest in postal stationery.

**Australia - report by Mr. R Todd.**

Insofar as Literature on Stationery in Australia is concerned there are many gaps. You will know that the 6 colonies of England formed a self governing Federation in 1901. Prior to that each of these Colonies issued their own stationery.

Some of these colonial issues are well covered by literature i.e. Western Australia and Queensland and others are not so well covered and collectors/researchers rely on Higgins & Gage for their reference.

There has not yet been a comprehensive work on Australian postal stationery and again collectors have to rely on H & G or the Seven Seas catalogue.

However a working group has been working on a publication for Australia, and our best collector of Australia, John Sinfield, is actively involved.

Dear Colleagues !

Once again a Newsletter is "on the street". I do hope that you will find a lot of useful information, and that you all will contribute to the next issue, which is planned to be issued late August.

I still need information on

- \* National activities
- \* Reviews
- \* Exhibition results (National and regional)
- \* Striking auction results
- \* etc etc

All contributions in English, French, German, Italian, Spanish and the Scandinavian languages are welcome. Other languages will not be practical, as the Bureau has no translators.

I am looking forward to see a lot of you in Helsinki in May.

Remember to send YOUR contribution to the next Newsletter already to-day to

# THE GREAT AUSTRALIAN STATIONERY CHALLENGE (GASC).

## NEWSLETTER No 1 - JULY 1994 EC Druce - Sort of Inventor of this Mad Cap Scheme

The Great Australian Stationery Challenge is growing. So much so that it has caused me to issue a newsletter! We all need to understand the basic rules of the challenge and what has still to be decided.

So here goes:

### What is it?

1. A challenge to collect modern Postal Stationery and develop an exhibit from that material;
2. Material must be Post World War II;
3. The stationery can either be all types or only one type (ie only postal cards or aerograms or whatever);
4. Minimum requirement is three frames;
5. There can be no repetition, if a country or a stationery type for that country has been nominated then it is not available to others;
6. Each collector will help where possible to obtain material for another (since the idea is to collect material which is in the \$1 category there should be no trouble and virtually no refusals of material).
7. The country chosen must be new to the collector: the idea is to get outside the normal bounds of ones collecting interest.
8. The challenge will be brought to fruition during 1996, so we all have about two years to look for material.

### Who are the challengers?

Listed on the attached sheet.

### How will we determine a winner?

I don't know: in a way Philately and each of the challengers is a winner. Anybody got any bright ideas? Some have said and I'm sure it will be rule 9, that everyone should make every effort to be physically present when the challenge is concluded.
